Thank you. We should try to meet for lunch somewhere before the 1 pm meeting to have a short discussion. Perhaps with dusty and Sylvia. I don't know yet if Sylvia is riding with me

In addition to the documents that Dante sent us last week, I met with the team this morning to further discuss the issues. Attached are the notes from that meeting. I also plan to bring you hard copies of all the documents on a folder.

Subject: Useful materials for NDEP meeting

Team,

I put together a package of useful materials for the meeting Tuesday with NDEP, including the following:

- 10-24-17 NDEP Response to EPA comments (iAOC)

I highlighted the remaining issues and inserted brief notes in the Comments, for ease of reference. I offered some proposed edits where appropriate for possible use.

- 10-17-17 Deferral Agreement

I called-out the remaining issues in the Comments field.

- 8-28-17 NDEP response to EPA comments

This is where NDEP proposed to add wording from the Deferral Agreement into the iAOC describing "CERCLA-equivalent" and "CERCLA-protective."

- 4-19-17 EPA Deferral Criteria letter

For reference if needed.

Angeles – I left a hard copies of the above on your chair (with post-its labeling each issue).
